NEW LEGISLATION PROPOSED.

Secretary of the Interior Has Forwarded to the House Several Amendments Affecting Affairs in the Territory.

Washington, Dec. 6. The House Commitre on Indian Affairs to-day called on Secre amount necessary to complete the allor and Apache reservation in Oklahoma for opening to settlement. The committee asked that this be sent in at once.

It is apparent that the opening of this reservation must be delayed a long time beyond the date expected. This will be a great disappointment to home-seekers in the Southwest, whose eyes have been turned for a long time toward the expected opening of this territory. Oklahoma's Claims Summarized in Governor Barnes's Report.

Washington, Dec. 6.—The report of Gov-ernor Earnes of Oklahoma was made public to-day. It discusses the prosperous condi-tions of the Territory, its rapid growth and many advantages to home-seekers, and conclusion states:
"Much interest is manifested in the

Wichita Reservation, which was treated for in 1891, and ratified in 1895, and it is desirable for the best interests of the Territory that the allotting of lands, begun several years ago, should be completed and the reservation opened at an early date. These lands, which are designated as County 1 on the map, north of the eastern part of the Klowa and Comanche counpart of the Klowa and Comanica counties, are 78.610 acres in extent. The
Canadian River bounds the reservation on
the north and the Washita on the south
and numerous small streams traverse it
throughout. The valleys are brond and
fertile and the uplands are rolling prairie;
nearly all of which is suited to diversified
farming. Cotton, cane, beets, potances,
corn, whent, melons and all kinds of vegetables flourish equally well here, and when
the land is opened settlers can obtain
farms unexcelled anywhere in the United
States. When the Indian allotments,
school and college and waste lands are
defineted there will still be left about 2,000
farms for white settlers, the greater part
of it excellent agricultural and.

mitted as a State.

"The prosperous conditions prevailing in Oklahoma, her population, area and wealth, as shown by the four annual reports, which I have had the honor to submit to you, when compared with like conditions prevailing in a large number of States, at the time of the admission into the Union, amply justify our claims for statehood.

"We have a larger population to-Gay than either of the States of Delaware, Idaho, Nevada, New Hampshire, North Dakota, Utah, Vermont or Wyoming. We polled a larger vote in 1856 than either of the States of Delaware, Florida, Idaho, Montana, Nevada, North Dakota or Rhode Island, We have, as now organized, a larger area than any of the following mamed States, viz. Connecticut, Delaware, Indiana, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont or West Urginia.

"The actual wealth of Oklahoma is not less than \$135,000,000. The assessed valuation of taxable wealth for the year 1200 is more than \$45,000,000."

A farmer is known by his furrow as takes a firm hand and a true eye to turn a straight furrow. No wonder the farmer wears out, spite of exercise and fresh air. One day's work on the farm would tire many a trained athlete. And the farmer works hardest of all. The first up and the last to bed, feeding his team before he feeds himself, his work is practically never done. Why does not the farmer treat his own body as he treats the land he cultivates? He puts back in phos-phate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor. If he does not, he will soon complain of "poor health." The great value of Dr. Pierce's Golden Medical Discovery is in its vital-izing power. It gives strength to the stomach, life to the lungs, purity to the blood. It supplies Nature with the substances by which she builds up the body, just as the farmer supplies Nature with the substances that build up the crops.

the substances that build up the crops.

"I write to tell you of the great benefit I received from the use of Dr. Pierce's Golden Medical Discovery," writes Mr. G. B. Bird, of Byrnside, Putnam Co., W. Va. "It cured me of a very had case of indigestion associated with torpid liver. Before I began the use of 'Golden Medical Discovery' I had no appetite could not sleep nor work but very little. The little that I ated did not agree with me, howels constipated, and life was a misery to me. I wrote to Dr. Pierce giving the symptoms, and asked for advice, He advised me to try the 'Golden Medical Discovery' so I began the use of it and after taking four bottles I felt so well that I went to work; but soon got worse, so I again began the use of it and used it about eight weeks longer, when I was permanently cured."
